

Some of the Skills Represented by the Founders of the Saltbush Club

As at 23 November 2018

Trying to look through over 200 members and over 100 pages of text can be daunting, so we have compiled a rough-and-ready index of just a few of the key skills represented by our members. This by no means represents the lot, or necessarily the best among our members. Many skilled people may be omitted here but are shown in the much longer members list. This skills list alone proves there is:

NO CONSENSUS on MAN-MADE GLOBAL WARMING.
